

FAMILY MEDICINE OF CLOVERDALE

CONSENT TO TREAT

To Parent(s) and/or Guardian(s)

Your school is now offering a telehealth clinic to provide medical care for your child when they become ill during school hours. The school-based telehealth clinic gives your child the opportunity to be seen by a licensed healthcare provider without having to leave school. Information regarding the telehealth clinic is listed below. Also, an explanation of services offered, including services by telehealth, is listed below. You do not have to be present for your child to be seen; however, a consent form must be signed by you in order for any services to be rendered.

DESCRIPTION OF SERVICES

Care for your child will be provided by a licensed healthcare provider either in person or by telemedicine. Telemedicine is the use of telecommunication and information technology to provide clinical health care from a distance. In our setting, there will be two-way video conferencing between a healthcare provider, the school nurse or assigned school official, and your child. Any exam that is requested by the healthcare provider will be accomplished by technology that allows a high-resolution visualization of ears, throat, and skin as well as a high-fidelity sound of heart and lungs. This will allow almost any visit to the nurse's office to result in an accurate medical assessment without your child needing to leave school. When your child presents with symptoms that are beyond the scope of care for a school nurse, your child will be seen virtually using diagnostic equipment via telehealth. An attempt to contact parents will be made prior to initiation of the primary care visit.

Services that will be provided at the school-based clinic for your child, include:

- Diagnoses and treatment for acute illnesses and minor injuries such as strep throat, ear infections, rash and influenza
- Limited laboratory testing
- Management and ongoing care of existing medical conditions such as diabetes, asthma, etc.

Your insurance will be billed for services provided in the clinic. If you do not have insurance or Medicaid coverage, services will be provided on a sliding fee scale that is based on the parent's income. If your child is uninsured, please contact Putnam County Hospital's Patient Services Representative – Tammy Hunter at 765-301-7626. Tammy will be happy to assist you with finding insurance coverage for your child.

HOURS OF OPERATION

The school-based telehealth clinic will be open Monday-Friday from 8:00 am – 3:00 pm.

FAMILY MEDICINE OF CLOVERDALE

CONSENT

Child's Name _____ D.O.B. _____

This consent is for the treatment of your child by the school-based telehealth clinic through Putnam County Hospital/dba Family Medicine of Cloverdale, hereafter referred to as Family Medicine of Cloverdale, a licensed healthcare provider that provides standard clinical health care treatment and telemedicine.

Telemedicine is the use of telecommunication and information technology to provide clinical health care from a distance and in this case, provided through a telehealth clinic. This means that there will be two-way video conferencing between the healthcare providers, located at Family Medicine of Cloverdale, and your child with the school nurse or assigned school official. Any exam that is requested by the healthcare provider will be accomplished either onsite at the clinic or by technology that allows a high-resolution visualization of ears, throat, and skin as well as a high-fidelity sound of heart and lungs. This will allow almost any visit to the nurse's office to result in an accurate medical assessment without your child needing to leave school.

Before a student is seen by a Family Medicine of Cloverdale healthcare provider, a signed consent form authorizing the services must be on file. In addition to the consent on file, an attempt will be made to contact the parent/guardian before each visit in an effort to receive verbal consent for the child to be seen.

Please check the appropriate box below regarding verbal consent.

- ☐ I give permission for my child to be seen by a Family Medicine of Cloverdale healthcare provider if verbal consent from parent/guardian is not received, e.g., unable to contact parent/guardian by telephone, etc.
- ☐ I DO NOT give permission for my child to be seen by a Family Medicine of Cloverdale healthcare provider if verbal consent from parent/guardian is not received. I want to speak with the school nurse before my child is seen.

A Family Medicine of Cloverdale healthcare provider, depending on the diagnosis, may prescribe medication to

Students seen at the school-based telehealth clinic. In the event that the Family Medicine of Cloverdale provider

prescribes medication, they will make every effort to contact the student's primary care provider (identified on page 4 of this packet). Such a contact requires the consent of the student's parent or guardian. Please check the appropriate box below regarding contacting your child's primary care provider.

- ☐ I consent to the school-based telehealth clinic notifying my child's primary care provider

(identified on page 4 of this packet) that a Family Medicine of Cloverdale provider has issued a prescription

for my child. I understand that the school-based telehealth clinic may provide instructions to follow at home and that it is my responsibility to arrange follow-up care and to follow through on any instructions provided. I understand that I should contact the school-based telehealth clinic for any necessary follow-up care or instructions.

- ☐ I DO NOT consent to the school-based telehealth clinic notifying my child's primary care provider (identified on page 4 of this packet) that a Family Medicine of Cloverdale provider has issued a prescription for my child.

I, the undersigned,

- Give permission and consent for my child to have treatment through and by Family Medicine of Cloverdale, including via telemedicine technology.
- Have received a brochure describing telemedicine and Family Medicine of Cloverdale. I understand the information provided including the details and limitations of the form and style in which medical services will be provided.
- Understand that this consent form is valid for as long as the student is enrolled in the school or until I provide the school nurse with written directions otherwise.
- Give permission for Family Medicine of Cloverdale, the school nurse, and my child's primary health care provider to speak with and share medical information about my child's health issue on an as needed basis, with the understanding that this information will be treated in a confidential way. I understand that I have the right, upon request, to inspect and receive a copy of all such records being disclosed.
- Give permission for Family Medicine of Cloverdale to receive information from the school and my child's primary health care provider about my child's health history.
- Acknowledge that I have been offered a copy of the Notice of Privacy Practices (available on the school website or at the school nurse office).

Child's Name _____ D.O.B. _____

- As Parent/Guardian of the above student, I:
 - Authorize the release of any information necessary to process insurance claims for payment of benefits to Family Medicine of Cloverdale.
 - Authorize payment of benefits to Family Medicine of Cloverdale for services rendered.
 - Have provided details of all insurance policies that cover my child.

I have read and understand this entire form and attest that the information above and on the proceeding pages are true and complete to the best of my knowledge.

Parent/Guardian name PRINTED: _____

Parent/Guardian SIGNATURE: _____

DATE: _____

- ☐ **I do not wish for my child to participate in the school-based telehealth program with Family Medicine of Cloverdale by Putnam County Hospital.**
